The Lessee is responsible for confirming any undertakings and ensuring compliance with them.
5. Except to the extent restricted by an enactment or this lease, the Lessee has, for aquacultural purposes, the exclusive right to use the leased sub-aquatic lands and water column.

9. The Lessee must adhere to the Farm Management Plan, as it is in effect for this lease from time to time, and any failure to adhere to the Farm Management Plan is a breach of this lease.
10. This lease does not include any rights as to minerals in or on the site.
11. The Lessee shall submit to the Minister of the Nova Scotia Department of Fisheries and Aquaculture (the "Minister") an annual report stating such information as the Minister requires concerning the Lessee's use and the productivity of the site.

13. The Lessee is hereby prohibited from using the site in any way that would interfere with other leased aquaculture operations.
14. If the Administrator, in his or her sole discretion, is of the opinion that the aquaculture activities authorized by this lease are detrimental to or interfere with other leased facilities, the Administrator may revoke this lease without compensation.
15. The Administrator may revoke this lease without advance notice or compensation if the Lessee is found by a court of competent jurisdiction to be in violation of any law of the Province or Canada relating to fishery activities.
16. If the Lessee fails to perform any of its obligations under this lease, the Minister may have the obligations performed, with the amount of any costs incurred to be a debt due to Her Majesty, for which Her Majesty shall have a first priority charge on the aquacultural produce within the site.
17. If the Lessee is in breach of any term of this lease and such breach is not corrected within the time period set out in the notice from the Administrator, the Administrator may revoke this lease without further notice or compensation.
